COMPACTIFICATIONS OF PEL-TYPE SHIMURA VARIETIES AND KUGA FAMILIES WITH ORDINARY LOCI — ERRATA

KAI-WEN LAN

(1) In Def. 1.2.1.15, "whose action factors through a finite index subgroup" should be "whose action factors through a quotient by a finite index subgroup", or simply "whose action factors through a finite quotient group".

(2) In (2) of Cond. 1.2.2.4, should require moreover that each σ_k appearing in the closure of σ_j is a face of σ_j.

(3) In Cond. 1.2.2.9, "γ acts as the identity" should be "a power of γ acts as the identity", and "containing σ_j" should be "containing $\gamma\overline{\sigma}_j \cap \overline{\sigma}_j$".

(4) In the proof of Prop. 1.2.2.17, the reference "[50, Ch. I, Sec. 2, Thm. 11 on pp. 33–35]" should be "[50, Ch. I, Sec. 2, proof of Thm. 11 on pp. 33–35]".
