Math 5594   Homework 8, due Monday November 6, 2006   PJW

There will be an **exam** on Friday November 10 in the same style as the previous exam. You will be allowed to use the book and notes. You will be tested on the material from Chapters 7 - 12, except that some parts of Chapter 12 may be omitted depending on how far we get.

Only hand in the starred questions!

Chapter 11, page 102: 2*, 3(a large part of this question is to work out the form an answer should take, and it seems to me there are various possibilities), 4*, 5, 6

Chapter 12, page 116: 1, 2*, 3*, 6*
